**"As a caregiver, I have nothing but praise for the Connections program and the superb Certified Nursing Assistant they assigned to my wife. She was a consummate professional in caring for my wife who has Alzheimer's. She was always prompt, compassionate, and supportive, and in addition to her assigned duties, was willing to help in any way she could."**

## BG Connections Caregivers

Bishop Gadsden believes strongly in investing in a well-qualified, properly trained, and compassionate staff. We understand the sensitivity involved in making the decision to bring someone into your home. Our carefully screened BG Connections caregivers are Certified Nursing Assistants who are experienced in providing comprehensive non-medical home care services. As employees of Bishop Gadsden, all BG Connections caregivers must pass a background check, drug test, and have a physical examination.

*"I am extremely thankful for the BG Connections program; it has been a lifesaver not just for Cal but for me as well. We are very appreciative of the job the nursing professionals have done and still do for us."*
