Bishop Gadsden receives award for newly opened Gadsden Glen Center for Health and Rehab

(*Charleston, SC— Jan. 19, 2023*) Bishop Gadsden Episcopal Retirement Community has been awarded first place in the Senior Housing News Architecture and Design Awards for Skilled Nursing/Post-Acute care for the newly opened Gadsden Glen Center for Health and Rehab.

Bishop Gadsden continues its legacy of innovation in senior living with the award-winning Gadsden Glen. In addition to providing skilled nursing and supportive memory care residences, Gadsden Glen now welcomes the Charleston community for short-term, post-acute rehabilitative care, where healing, exceptional physical therapy, and successful return-to-home outcomes are emphasized in this state-of-the-art environment. Gadsden Glen represents the collaborative work of an exceptional design and construction team, including RLPS Architects & Interiors, Reese Hackman, HGB, Carolina Landscapes, and Samet Corporation.

The Glen is a stunning building with impeccable, modern amenities, including expansive common and programming spaces, well-equipped rehab and wellness gyms, large residences and patient rooms, and a variety of culinary and dining options. An exceptional art collection, beautiful gardens, and other fine details were made possible through charitable contributions to Bishop Gadsden's *Shared Future Capital Campaign*, which raised more than \$7.5 million in support of Gadsden Glen.

"Gadsden Glen is a beautiful example of our belief that positive living can and should happen at every age and stage of one's life," said President/CEO Sarah Tipton. *"We are grateful for the generosity and superb team that made such an affirming environment possible and for the opportunity to serve the rehabilitation needs of the Charleston community in a meaningful new way. Gadsden Glen is also a beautiful work environment for our valued and dedicated workforce – creating a highly positive atmosphere for all who live, work, or visit Gadsden Glen."*

Senior Housing News recognized the exceptional design and talent at Bishop Gadsden in their annual awards that honor leading organizations creating innovative approaches to senior living. This year, the Senior Housing News Architecture and Design Awards acknowledged thirty-seven projects in fifteen distinct categories. Bishop Gadsden is honored to receive first place for Skilled Nursing/Post-Acute care at the Gadsden Glen. As an organization that aims to go above and beyond for its residents in every aspect, receiving the Architecture and Design award for the Gadsden Glen is a testament to its commitment to its mission.
